SPRINGFIELD ESTATE

Set in the heart of the mountain-ringed Robertson Valley in South Africa's Western Cape, Springfield Estate is a vibrant, family-run wine farm. It is owned by the Bruwer family, fifth-generation wine farmers and ninth-generation descendants of the Bruères, French Huguenots who came to South Africa from the Loire in 1688 with bundles of vines under their arms.

Many of the wines at Springfield Estate are made using natural yeast, with Abrie Bruwer being one of the pioneers in the country using this technique. This allows the character and the individuality of the grape to truly show itself. Due to the wild yeast fermentation, the family strives to work as naturally as possible, with minimal sprays used in the vineyard, and a hands-off approach in the cellar.

THUNDERCHILD MERLOT CABERNET 2021 \$36.99

34% Cab. Franc | 33% Cab. Sauvignon | 33% Merlot

This classical blend was created by using the ancient technique of fermenting uncrushed berries with native yeast from the grapes. After aging for one year in French barrels, it was bottled without fining or filtration. A further 12 months of bottle aging took place prior to release.

100% of the profits from this wine are donated to the Die Herberg charity which provides aid to children from broken homes.

ALBARIÑO 2022 \$39.99

Only the second Albariño to ever be made in South Africa's Cape. It's crafted sustainably with a 'hands off' approach and only in small quantities. But what little there is tastes fantastic. It's complex and rich, with flavours of apricot, nectarine and that vital saline minerality and bright acidity. Try this with white fish or oysters.

WHOLE BERRY CABERNET SAUVIGNON 2019 \$44.99

Springfield adopts a minimal-intervention approach in making its Whole Berry Cabernet Sauvignon. The wine takes its name, 'Whole Berry' from its vinification – with grapes macerated whole, then fermented with natural yeasts, racked, and finally matured in French oak for one year. The wine has a velvety-smooth texture with soft tannins and typical Cabernet Sauvignon notes of red fruits and hints of cedar. A tremendous bottle of Cabernet for the price.

MÉTHODE ANCIENNE CHARDONNAY 2020 \$79.99

The Springfield Méthode Ancienne Chardonnay is special because it was made using ancient techniques rarely used in the New World: The fermentation takes place spontaneously with wild yeast in a combination of new and used French oak barrels. There is no fining or filtration. Thus, a wine of distinctive and classical character, it will develop slowly and is made to last a lifetime. Nuances of lime, cointreau and oranges – a big wine with classical character.

MÉTHODE ANCIENNE CABERNET SAUVIGNON 2016 \$89.99

Thirty-five years ago, Springfield cleared a 2.8-hectare triangle of land previously ignored because it was not 'good' enough - "too rocky and too steep". Cabernet Sauvignon was planted, struggling at first with virtually no soil. The miracle was in the fruit: tiny berries – intense in colour and flavour, this meagre crop was vinified in the traditional way. No crushing of berries, native yeast only, no fining and no filters.

Wine was made with little intervention and kept for two years in new French barriques. After three more years of maturation in bottle, Springfield releases their top wine. It is a piece of their history, their passion and labour. It is their finest expression of Cabernet Sauvignon, and will age effortlessly for another two decades.

STUNNING SPARKLERS

Serge Mathieu CHAMPAGNE

The Mathieu family has lived in Avirey-Lingey since at least the 18th century. They go to great lengths to harvest grapes at optimum ripeness.

In the winery they try to obtain as much personality and flavour from these grapes, which involves a light hand in vinification and careful thinking.

What results are showstopping authentic champagnes that are true expressions of what the region is renowned for.

BRUT PRESTIGE

70% Pinot Noir,
30% Chardonnay.

There's an intensity to this firm Champagne, with structuring notes of white peach, pear and lime, stony mineral notes and a hint of beeswax. Vivacious, with a chalky sensation on the finish. An incredible value!

Champagne Fleury has been around since 1895, releasing their first bubbly in 1929. The vineyards themselves are located on steep slopes that have a calcareous clay soil and see ample amounts of sun, so the grapes have an outstanding ripeness. Continental and oceanic climates combine for cool mornings and nice bursts of heat in the afternoons.

Fleury was one of the first vineyards to start converting to biodynamics, beginning in 1989, completing the process for all of their vineyards by 1992. This year Fleury celebrates 25 years of Biodynamic winemaking. Jean-Pierre Fleury can be crowned pioneer in Champagne when it comes to biodynamic viticulture.

BLANC DE NOIRS BRUT

PRESENTS REMOISSENET 2019

A VINTAGE FOR THE AGES

Remoissenet Père et Fils, headquartered in a stunning 14th century building in the heart of Beaune, is one of Burgundy's most venerable producers.

Until recently Remoissenet has been in the careful hands of Roland Remoissenet; a figure described by Robert Parker as 'one of the most dashing' in Burgundy. Now under new ownership and the dynamic management of Bernard Repolt (previous president at Louis Jadot) and winemaker Claudie Jobard (the daughter of Laurence Jobard - winemaker at Joseph Drouhin for 30 years), the continued quality of this legendary producer is assured.

Remoissenet has the largest cellars of aged Burgundy in the world. The ancient cellars are full of treasures going back to well before World War II. Just gaining access to top wines of the region has always been a challenge for Burgundy collectors, which is why we feel privileged to have access to such a rare collection of aged Burgundy.

2019
AN INCREDIBLE YEAR
FOR BURGUNDY

"The long, hot dry summer of 2019 created the perfect conditions in Burgundy for a superb vintage. Bernard Hivet, former director of Faiveley and Bouchard, went so far as to say that it could "perhaps rival 1865, the greatest vintage of all"
- Financial Times

"The vintage takes its place alongside other exceptional recent years in Burgundy, carving out a niche for its outstanding balance of intense fruit, firm structure and supple texture. If you love great Burgundy, you should think about securing some 2019s quickly. Given current pricing trends, they will never be cheaper than they are now... 2019 is a hedonistic vintage and these wines are a joy!"

OLD VINTAGES? FRAGILE CORKS?

PROTECT YOUR ENJOYMENT WITH **THE DURAND** CORKSCREW.
THE BEST AND ONLY CORKSCREW FOR VINTAGE WINES!

The Durand: A True Essential

Corks are not built to last forever. In fact, they start to lose their integrity after 30 years, even in optimal storage conditions.

Typically, the bottom of the cork starts to disintegrate first. This leaves making pulling the cork a very slow and delicate process.

Enter The Durand, a pronged corkscrew built to extract the entire old cork intact using patented material and high-quality steel.

It's a must-have for any serious cellar!
